

17 June 2024

Product Update

Equity Trustees Superannuation Limited, acting as the Trustee of Freedom of Choice, a division of AMG Super, ABN 30 099 320 583 (Fund), has issued this Product Update to inform members about upcoming changes to the following products:

- Freedom of Choice Personal Superannuation Service & Personal Retirement Service
- Freedom of Choice Employer Superannuation Service

These changes are scheduled to take effect on 1 July 2024. We recommend that you to read this Product Update in its entirety to understand how these changes may impact you.

Changes to advice fees

Historically, for members who have advice fees deducted from their accounts, the Trustee has claimed Reduced Input Tax Credits (RITCs) on the goods and services tax (GST) component of those fees from the Australian Taxation Office (ATO). This has amounted to 75% of the GST on advice fees, and the benefit has been passed on to you.

However, due to a notice issued by the ATO, the Trustee will no longer be able to claim RITCs on advice fees. As a result, starting from 1 July 2024, the full 10% GST on advice fees will be applied to your account.

No action required

You do not need to take any action in response to this change. The ATO's application of the law regarding the Trustee's ability to claim RITCs on third-party arrangements has triggered this adjustment, and opting out of the change is not possible.

Additional information
